# NPS corpus to hit ₹12 trn by March

**ATTRACTIVE RETURNS**

Average returns generated by pension funds (%)

**PRASANTA SAHU**  
New Delhi, January 19

**AIDED BY FAVOURABLE** market conditions, the assets under management under the National Pension System (NPS) including Atal Pension Yojana rose about 28% on year to ₹11 trillion as of January 13 this fiscal, and are poised to reach ₹12 trillion by March 31, Pension Fund Regulatory and Development Authority Chairman Deepak Mohanty said on Friday.

Despite the near-saturation in enrolment of government employees, the subscriber base under NPS rose by 16% on year to 70.69 million as of January 13. As many as 7.44 million new subscribers have been added so far in the current financial year.

The average returns generated by pension funds under NPS have been very attractive. Equities have given 26.94% in one year and 13.3% since inception. The average annual returns since inception have been 9.06% in corporate bonds, 8.62% in government securities, 9.46% in the central government scheme and 9.32% in the state government scheme, Mohanty said.

"These are competitive returns compared to what we see in the market," Mohanty said. "Assets under management should reach ₹12 trillion by the end of the current financial year," he said. The AUM was at ₹8.98 trillion as of March 31, 2023. AUM would need to grow by 33.6% to reach the target set for March 2024.

A few states that have issued a notification to pull out of the NPS to revert to the old defined pension system (OPS) continued to contribute to the NPS irrespective of the on-paper withdrawal.

"We are roping in regional rural banks to sell NPS in all their branches across the coun-

try. We also have a relaxed point of presence regulation to make it easier for onboarding individual agents and corporate agents for NPS," Mohanty said.

With the government sector saturated, PFRDA is making efforts to rope in corporates to enroll their staff under NPS. As against the target of 1.3 million new private sector subscriber enrollments in FY24, nearly half has been achieved and the rest are likely to be achieved by the end of FY24, he said.

According to the extant NPS norms, a maximum of 60% of the accumulated NPS corpus from contributions during a person's working years is allowed to be withdrawn tax-free at the time of retirement. The subscriber has to invest a minimum of 40% of the corpus in annuities for a regular pension.

However, it is not a guaranteed pension as returns are linked to markets. Annuities could fetch 5% to 7% return per annum depending on the choices made by the subscriber with single-life annuities giving higher returns as the corpus is not returned by the fund manager after the death of the pensioner.

Given that the NPS system is giving good returns, the NPS subscribers can stay invested in the NPS till they turn 75 years under the Systematic Withdrawal Plan (SWP) and draw monthly or quarterly or annual basis depending on their requirements.

Beneficiaries can also defer their annuities (minimum 40% of the corpus) till the age of 75 to get a substantially higher monthly pension by letting the corpus grow in NPS.

The government subscribers can convert their NPS account to private and continue to contribute to NPS even after retirement if they want to till the age of 75 years.

# MSP bonus: Paddy procurement in Chhattisgarh jumps

**SANDIP DAS**  
New Delhi, January 19

**THE PADDY PROCUREMENT** in Chhattisgarh, a major contributor to the government's grain procurement drive, has surpassed a record 10.7 million tonne (MT), against the current season (2023-24) target of 9.1 MT, following the boost in purchase of grain after the new government started to provide bonus above the minimum support prices (MSP) to farmers.

Higher grain purchase in the central Indian states also brought down overall deficiency in paddy purchase under MSP operations by Food Corporation of India (FCI) and state agencies to 7.73% at 56.04 MT as on Thursday on year from 13% three weeks back.

Sources told FE that Chhattisgarh has asked the food ministry to revise the target for

paddy purchase for the season so that more grain could be purchased from the farmers. The state aims to purchase 13 MT of paddy in the current season. In 2022-23 season (October-September), 87.53 MT of paddy in Chhattisgarh comes from the farmers. Officials said the overall deficiency in paddy procurement will be bridged once more paddy is purchased in Chhattisgarh.

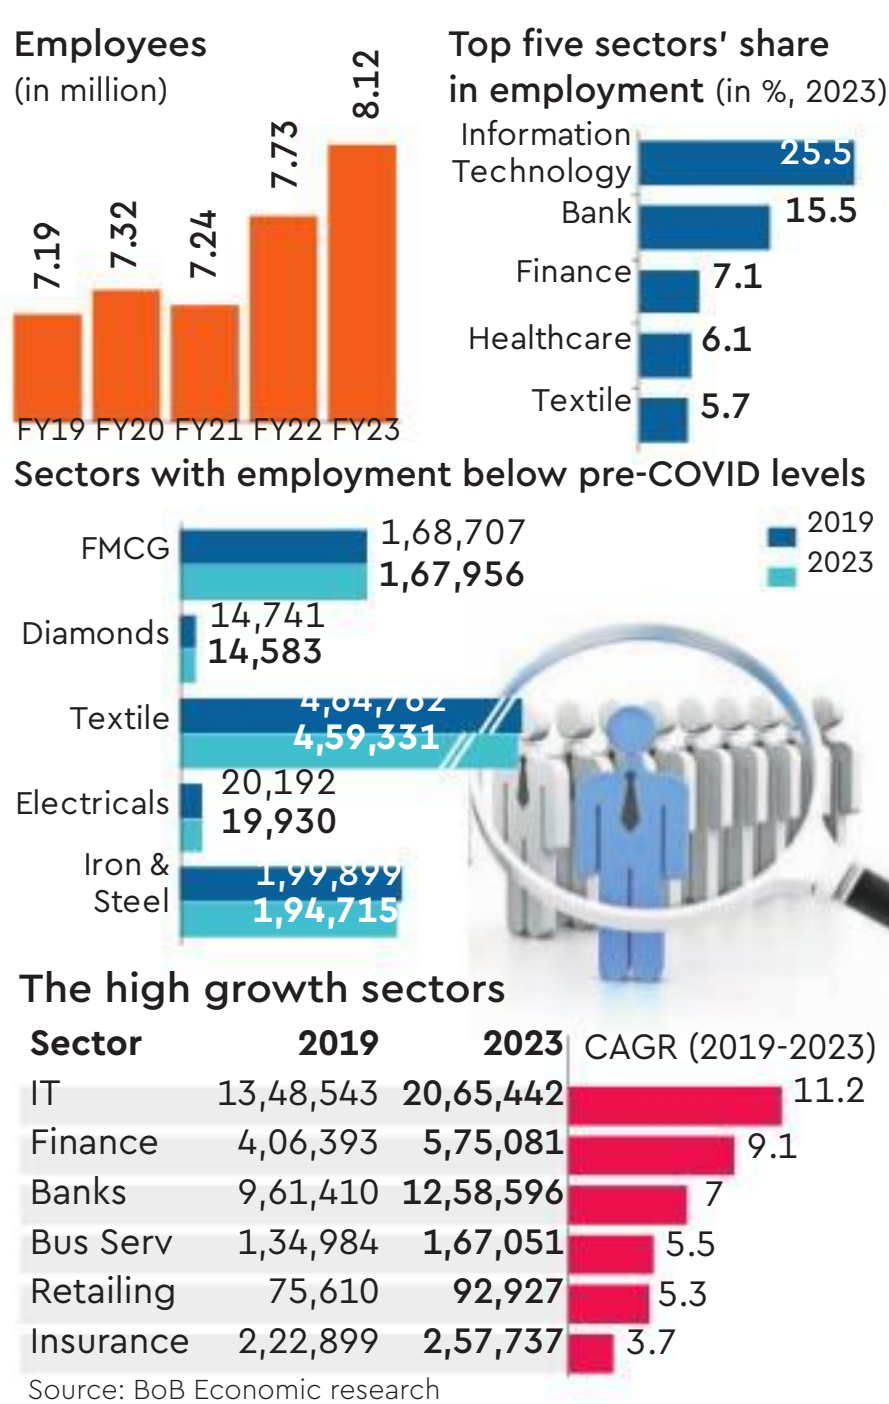

The BJP had promised to purchase paddy at ₹3100/quintal in Chhattisgarh at 21 quintals of paddy per acre.

The centre has increased the MSP of the common variety of paddy by more than 7% to ₹2,183/quintal for 2023-24 season compared to the previous season.

In August last year, the government had set a 52.1 MT rice (77.6 MT paddy) purchase target for the kharif season, compared to 49.5 MT procured in the previous season.

# Services sector created most jobs

Formal sector jobs have recovered sharply after witnessing a drop during the pandemic period, primarily due to recovery in the services sector, according to a Bank of Baroda survey of 2,975 firms. In FY23, the total headcounts in these firms were 8.12 million in FY19, and 7.24 million in FY21. Among the sectors, which recorded the highest growth in employment were IT, finance, banks, retail and insurance. A fall was seen in telecom, realty, mining, power, capital goods, crude oil, among others. The manufacturing sector is yet to recover fully from lockdowns in 2020 and 2021, and reach optimal capacity utilisation.

# Subsidised 'Bharat rice' to be sold in retail stores soon

**SANDIP DAS**  
New Delhi, January 19

**THE GOVERNMENT IS** likely to start sale of subsidised grain through retail outlets under the Bharat rice initiative soon.

Sources told FE that around 0.45 million tonne (MT) lakh tonne of non-fortified rice available with the Food Corporation of India (FCI) will be offered for retail sales by agencies such as farmers' cooperative Nafed, National Cooperative Consumers Federation (NCCF) and Kendriya Bhandars.

**Sources said around 0.45 MT lakh tonne of non-fortified rice available with the FCI will be offered for retail sales**

"Bharat rice" initiative, including pricing and pack sizes for retail sales, is being finalised. An official said a formal launch of Bharat rice is expected in a few days.

The plan is designed to cool the retail prices of mass consumption rice varieties, which have remained stubbornly high despite curbs on

certain exports and open market sales by the FCI. At present, the government is selling chana dal and atta (flour) at subsidised rates of ₹60/kg and ₹27.5/kg respectively under Bharat Dal and Bharat Atta initiatives.

A food ministry said that the domestic prices of rice are at elevated levels despite a record output, ample stocks with FCI in the pipeline and various restrictions and duties imposed on grain exports. "We are examining the issue of high rice prices, hopefully Bharat rice initiative may have some impact on inflation," an official said.

# Roof top solar panels of NFR generating 6110 kwp

**Assam Rising, Guwahati, January 19:** Indian Railway is striving hard to achieve the target of net zero carbon emission by 2030. In an endeavour to minimize dependence on fossil fuels, the Northeast Frontier Railway is taking

steps to generate green energy more and more by installing solar power plants across the zone. Roof-Top Solar power plants have been commissioned throughout the Northeast Frontier Railway generating 6110.233 Kilo Watt Peak (kwp) till Decem-

## Illegal cough syrup seized in Bongaigaon

**Assam Rising, Bongaigaon, January 19 :** In a significant crackdown on drug smuggling, Assam police made substantial seizures of illegal cough

syrup in the neighbouring state of West Bengal to Krishna in Assam. The Union Health and Family Welfare Ministry had previously banned the manufacturing and sale of certain fixed-dose combination (FDC) drugs, including Phensedyl, due to their irrational consumption and lack of therapeutic efficacy. This incident is part of a broader

syrup on January 19. The Assam police seized 1,770 bottles of intoxicants from a vehicle carrying vegetables in Jogighopa in Bongaigaon district. This operation took place on January 19 when officials stopped a pick-up truck coming from West Bengal and discovered the illicit cargo. The driver of the truck, Hafizur Rahman was arrested in connection with the seizure. The police's action was based on specific information that led them to launch a search operation at the interstate border checkpoint. The confiscated bottles were found hidden among vegetables assigned to be transported from Dinhata in

issue where cough syrups are consumed as drugs by youngsters across various parts of the country, sometimes being transported from neighbouring countries. State authorities are taking strict action against drug transportation, leading to alternative options for drug consumers such as these cough syrups. The Assam police's efforts reflect a commitment to combating the smuggling and abuse of narcotics within the state. The seizures not only prevent the distribution of these illegal substances but also send a strong message to those involved in the drug trade about the consequences of their actions.

## 3 Vehicle-lifters apprehended in Nalbari

**Assam Rising, Guwahati, January 19:** Three motor vehicle-lifters have been apprehended and pistols have been seized from their possession at Tihu in Assam's Nalbari district, reports said. The apprehended persons have been identified as Ujjaldeep das, a resident of Barpeta's Brindabanhati; Anuwar Hussain of Kalgachia's Islampur; and Sahanur Ali of Barama's Madhopur, sources said. According to reports, the three vehicle-lifters held the driver of a Swift car at gunpoint and stole the four-wheeler. The incident reportedly occurred on January 14 this year at the national highway in Nalbari's Nathkuchi. The Nalbari police have not been able to find the stolen Swift vehicle bearing registration number AS-01 DQ 5951 as of now.

## Japan govt. delegation visits Agia

**Assam Rising, Guwahati, January 19 :** A delegation from the Japan International Cooperation Agency (JICA) visited the remote Garo tribal village of Bakdo in Agia, Assam, to promote rural tourism and offer financial assistance. The remote Garo tribal village of Bokdo, located near Agia Chowk, was once connected by a fragile wooden bridge spanning the Jinjiram river. The bridge, long neglected, eventually collapsed. Despite repeated pleas for a new bridge, the villagers' requests went unheeded. In re-

sponse, the villagers constructed a temporary bamboo shed using donations, only for it to be swept away annually by hail storms from the Meghalaya hills. In 2013, village elder Brilliant Marak and local youth Khaibrit Marak noticed that local fish consistently congregated in a specific part of the river, irrespective of weather conditions. They proposed abandoning plans to sell fish and instead build a bridge using the funds. Their proposal was accepted, and fishing was banned in a 190-metre stretch of the river. With the help of village head Capster Marak, Claward Sangma, Brazil Sangma, and the Bakdo Youth Union, the village is now working towards promoting rural tourism alongside the fish sanctuary. The tourism cell of Agia College and the district fisheries department are assisting in this development effort. The youth of Bokdo are working tirelessly to attract rural tourists by beautifying the river's banks. The villagers plan to extend the fish-

ing-free area to two kilometres for conserving fish and aquatic animals, as informed to a delegation from the Japan International Cooperation Agency. It needs mention here that a seven-member delegation of the Government of Japan arrived in Agia today to extend a helping hand to rural tourism to the undeclared fish sanctuary built in The Garo Tribal Bakdo village of Agia in Goalpara. A delegation of The Japan International Cooperation Agency (JICA) arrived in Bokdo at 11 am this morning along with a section of officials and employees of the state and district fisheries development departments and was overwhelmed to see the undeclared fish sanctuary. The delegation, while inspecting the sanctuary, held discussions with the villagers of Bakdo and the local youth union. Earlier, the seven-member delegation was greeted by the local people in the traditional attire of the Garo tribe.

FM of Pak, Iran to hold telephonic talks amid tension

ISLAMABAD, JAN 19 /- Foreign Ministers of Pakistan and Iran are expected to hold talks over telephone Friday evening as the two sides began to pick threads of tattered ties following their missile strikes against alleged militants in each other's land.

The development comes amidst officials of the foreign ministries from the two sides exchanged goodwill messages. Pakistan conducted "precision military strikes" against what it called "terrorist hideouts" in Iran's Siestan-Balochistan province that killed 9 people on Thursday.

The attack was seen as retaliation to Iranian missile and drone attacks on Tuesday, which targeted two bases of the Sunni Baloch militant group Jaish al-Adl in Pakistan's unruly Balochistan province.

Belying fears of escalation, the two sides are apparently trying to come back from the precipice. "Foreign ministers Jilil Abbas Jilani and Hossein Amir-Abdollahian would interact to ease tension between the countries," well-placed sources told PTI.
